

MANY FAMOUS PEOPLE ARE ADOPTEES

At least two prior presidents are adoptees, Gerald Ford and Bill Clinton. Ronald Reagan's wife, Nancy, was an adoptee. The late Robert Byrd, the Senator from West Virginia, was adopted.

Statistics show that when compared with the population at large, adoptive children tend to perform better academically.

Famous actors and actresses who were placed for adoption include, Marilyn Monroe, Melissa Gilbert, Priscilla Presley, Ray Liotta, and Richard Burton. Some of our greatest authors were also adoptees such as Leo Tolstoy, Louisa Mae Alcott, Mark Twain. Oddly several Olympic Figure Skating medal winners were adoptees, Peter and Kitty Carruthers, Surya Bonaly, and Scott Hamilton.
